

## Table presenter of the Third Congress

Title	Presenter	Nationality
Truffle cultivation with Host trees	Dr. Pierre Sourzat	France
Biological action of artemisinin from different phyto-extracts of <i>Artemisia annua</i>	Dr. Andrea Mastinu	Italy
Difussion modelling of Covide 19 using natural and safe mushrooms spore particales	Dr. Maria coccia	Italy
Ex situ conservation of ornamental, medicinal <i>Viola</i> and <i>Pulsatilla</i> species threatened with extinction	Dr. Aneta Słomka	Poland
Cyclic peptides-cyclotides biosynthesized by <i>Viola</i> species strengthen the tolerance to heavy metals acting as a defense system	Dr. Klaudia Sychta	Poland
Chemical composition of the fatty oil <i>BOROGA OFFICINALIS</i> L. Seeds from Turkey	Dr. Irem Ayran	Turkey
Physiological and biochemical characterization of Peppermint ( <i>Mentha piperita</i> L.) and Sweet Basil ( <i>Ocimum basilicum</i> L.) in the Water- stream Hydroponic system	Mahsa Daryadar	Armenia
Medicinal and aromatic plants of dark mint or Labiatae	Dr. Valiollah Mozaffarian	Iran
From Medicinal Plants to Herbal Medicines, The Role of Genetic Engineering	Dr. Behzad Gara Yazu	Iran
Introduction of medicinal aspects of <i>Camelina sativa</i>	Dr. Danial Kahrizi	Iran
Suppressive role of <i>Viola odorata</i> extract on malignant characters of mammosphere-derived breast cancer stem cells	Dr Kamran Ghaedi.	Iran

Genetic and biochemical diversity assessment of promised population thyme collected from Iran	Dr Parviz Moradi	Iran
Intellectual property on breeding of medicinal varieties and biotechnology	Dr. Farhad Kheiri	Iran
Toxic Effects of cadmium on Essential Oil Composition, and expression of key genes involved in the biosynthesis of menthol and menthofuran in Peppermint ( <i>Mentha piperita</i> L	Dr. Manije Sabokdast Nodehi	Iran
Co-culture of <i>Ganoderma lucidum</i> with <i>Bacillus subtilis</i> and <i>Aspergillus niger</i> : Optimization of gonodric acid production in bubble column bioreactor	Dr. Ashrafalsadat Hatamian-zarmi	Iran
The beneficial Effects of Grape seed oil on Brain oxidative markers due to Chronic Lead Exposure in Male Rats	Dr. Mahdieh Anoush	Iran
Study of antimicrobial effects of Nanoemulsion of <i>Foeniculum Vulgar</i> essential oil	Dr. Mehran Mohseni	Iran
Effect of Salinity and Heat Stresses on Rosmarinic Acid Content and Gene Expression in Peppermint ( <i>Mentha piperita</i> L.)	Azam Gholamnia	Iran
Protective effect of an isolated polysaccharide from <i>Rosa canina</i> in STZ-treated Rin5-F cell line through modulation of cell cycle	Soraya Sajadimajd	Iran
Antifungal activity of ethanolic extract of CALAMUS ROTANG leaves	Nastaran Khojastehpour	Iran
Effect of Cold Plasma on Essential Oil Content and Composition of Cumin ( <i>Cuminum cyminum</i> L)	Fatemeh Shokouhi	Iran
